

Line card

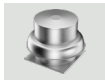

PennBarry is a leading manufacturer of full-service ventilation products for commercial and light industrial applications, and make-up air systems.

Contact your local PennBarry representative or send us an email at pennbarrysales@pennbarry.com for more information.

Commercial ventilation products

Commercial centrifugal

Roof-, ceiling- and inline-mounted models are furnished in both belt and direct drive as well as supply and exhaust models to meet a variety of general ventilation needs.

PRD - Powered Roof Ventilator Downblast, Direct and Belt Drive

PRU - Powered Roof Ventilator Upblast, Direct and Belt Drive

Domex (DX) - Centrifugal Roof Exhaust Fan, Direct and Belt Drive

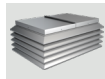

Fumex (FX) - Centrifugal Roof Exhaust Fan, Direct and Belt Drive

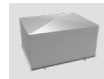

Zephyr Cabinet (ZC, ZCC) - Single and Twin Unit Centrifugal Cabinet Fan, Belt Drive

Zephyr (Z) - Ceiling and Inline Centrifugal Fan

Linea (LF) - Centrifugal Downblast Roof Exhauster

Dynafan (LC) - Centrifugal Downblast Roof Exhaust Fan, Low Contour

Muffan (FS) - Side Intake Centrifugal Fan, Filtered Supply

Muffan (MU) - Make-up Filtered Fresh Air Supply Centrifugal Fan

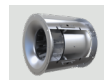

SQX Series - Centrifugal Square Inline Fan, Direct and Belt Drive

Efficient Silent Array (ESA) - Direct Drive Plenum Fan

Mixed Flow Inline Fan (MXI) - Inline Tubular Mixed Flow, Direct and Belt Drive

Centrex Round (REX) - Tubular, Centrifugal Inline Fan, Direct and Belt Drive

UVS - Utility Vent Set - Utility Vent Set (UVS) - Housed Centrifugal Fan. Direct and Belt Drive

Dynamo (D) - Housed Centrifugal Fan, Backward Inclined, Direct and Belt Drive

Commercial axial

Roof- and wall-mounted models available in exhaust and supply models to meet the needs of your ventilation systems.

Breezeway (BZW) - Axial Propeller Panel Fan, Direct and Belt Drive

Powered Airette (AE) - Exhaust or Supply Axial Propeller Roof Ventilator, Direct and Belt Drive

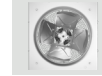

Hi-Ex (HX) - Vertical Discharge Air Exhauster, Direct and Belt Drive

RAU and RAUMO Series - Roof Axial Upblast Fan, Belt Drive

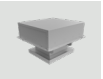

LWP Series - Large Wall Propeller Fan, Belt Drive

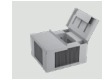

SWP Series - Small Wall Propeller Fan, Direct Drive

Commercial specialty

Roof-mounted gravity ventilation for both intake and relief applications. Roof curbs in many styles and sizes may be used in combination with your fan needs to assist with many other roof penetration requirements.

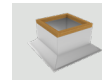

Gravity Airette (AEG) - Hooded Roof Gravity Ventilator

Pennhouse (PHHW) - Miami-Dade Approved Roof Mounted Air Intake or Exhaust Housing Units

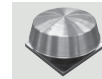

PENNHOUSE (PHB-HW) - Miami Dade Approved Roof Mounted Air Intake or Exhaust Boxed Corner Penthouse

Roof Curbs (RC) - Prefabricated Curbs for Roof Mounted Ventilation Equipment

Pennhouse (PH) - Roof Mounted Air Intake or Exhaust Housing Units

Weather Caps (WC) - Pressure Relief Ventilators

Heavy duty exhaust blowers

SupremeFan by PennBarry heavy duty exhaust blowers are easily installed, deliver efficient performance and offer easy access for cleaning and servicing.

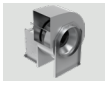

Model GBH - Heavy Duty Exhaust Blower, Backward Inclined, Belt Drive

Model GBD - Standard GBH unit plus an optional vented base

Heavy duty centrifugal

Full range of blowers, tubular inline, mixed flow and plug/plenum fans to meet the basic ventilation needs of a day-to-day HVAC system or to handle the most extreme applications, such as high temperature, corrosive chemicals or spark-resistant environments.

VCR - Housed Centrifugal Fan, Airfoil and Backward Inclined, Direct and Belt Drive

IND - Industrial Exhauster, Direct and Belt Drive

Mixed Flow Inline Fan (MXI) - Inline Tubular Mixed Flow, Direct and Belt Drive

TCI - Tubular Centrifugal Inline Fan, Backward Inclined, Belt Drive

TUB - Tubular Centrifugal Inline Fan, Airfoil and Backward Inclined, Direct and Belt Drive

ESP - Unhoused Centrifugal Plenum Fan, Direct and Belt Drive

Heavy duty axial

Heavy-duty roof, wall- and inline-mounted products that meet the need for high-volume ventilation.

Panel Fan (PN) - Wall Mounted Propeller Fan, Direct and Belt Drive

Vaneaxial (VXD, VXB) - Heavy Duty Vaneaxial Fan, Direct and Belt Drive

Tubeaxial (TXD, TXB) - Tubeaxial Fan, Direct and Belt Drive

Axial Warehouse Exhaust (AWX) - Highly Efficient, Tubeaxial Fan, Direct Drive

Heavy duty specialty

Products designed for unique or critical applications where the ventilation equipment is critical, such as research labs, chemical plants or food processing facilities.

iPlume - Induced Flow, High Plume, High Dilution Laboratory Exhaust Fan, Direct and Belt Drive

vPlume - High Velocity Exhaust, High Plume, Commercial Laboratory Exhaust Fan, Belt Drive

Controllers

IQ-IPCM - Intelligent Pressure Control Module

IQ-MS - Multi-speed Controller

VFD - Variable Frequency Drives (VFDs)

Piezometer Ring Controller - Airflow Measurement Readout
