UVS2, CLASS 2
UTILITY VENT SET ISOLATORS**ISOLATOR MOUNTING PATTERN****NOTES:**

1. Spring Isolators are pre-selected assuming max weight with Height Saving Isolation Rail. For mounting location see Height Saving Isolation Rail submittal.
2. Direct mount Isolators are only allowed for RIS and Flex Pad options. For mounting location see base fan submittals.
3. Inlet and/or outlet flex connectors are required for isolators to be effective.
4. Weight assumes fan accessories and max motor weight. Additional weight of ducting, silencers, inlet box, and stacks are not included and shall be supported by others.
